**THINGS - TO - DO**

**SUNBATHING:** Phuket is close to equator so sun is strong. Those who have fair skin should avoid excessive exposure. On first day, everyone should stay in the shade at mid-day.

**SWIMMING:** The sea is calm from October till April. During summer monsoon some beaches develop strong undertow and, whenever a Red Flag is hoisted, it should be needed.

**SNORKEL - SCUBA:** Best spots surround nearby islands easily reached by boat. Coral Island 2.5-miles/4-km south and Similan Islands are 26-miles/100-km to the Northwest.

**JAMES BOND ISLAND (Phang-Nga Bay)** affords view of spectacular Nail Island; cruise to it aboard a junk (340-912).

**LIMESTONE CAVES** in Phang-Nga Bay and Krabi can be explored by a stable kayak. A low clearance makes some only accessible at low tide. Honga are rooms inside caves where sink holes admit sunlight. (Tel: 235-353, 235-098.)

**BIRDS NEST CAVE:** Not all caves are low. Sea Swallows use their saliva to cement fibres into nests high up on walls of some such as Viking Cave on Phi-Phi Is. (Tel: 222-570)

**GRANITE BOULDERS** are found on west side of Phuket (limestone on east) on out into the Andaman Sea where they're encrusted with coral, particularly around Similans. They team with colorful tropical fish. (222-570, 336-936)

**BUNGY CATAPULT & JUMPING** are both available for the truly adventurous and thrill-seeking visitors (321-351).

**ELEPHANT RIDES** are an easy way to "trek" thru jungle Siam Safari (280-116) offer Eco-Nature Adventure Tours.

**MOUNTAIN BIKE:** You can sight-see off the beaten track by renting a Mountain Bike either individually or by joining group outing with guide. (Tel: 235-353, 263-239, 270-936)

**CAR RENTAL** should be done from reliable firms such as Budget Car Rental (205-356) & Island Tour (225-411) with full comprehensive insurance if you are self-driving. Good Roads & Signs. Vehicles with drivers also available

**ANNUAL PHYSICAL:** Overdue? They are inexpensive here compared to USA & Europe and of a high standard. The very best hospitals in Phuket are listed on this map.

**OPTICAL:** Prescription Glasses are one of Phuket's most unusual bargains. A backup set is a *must* when travelling and Prescription Sunglasses could be your best decision. Locations of the most reliable shops are marked on map.

**SEA SHELLS** are a fitting souvenir to remember your visit. Largest display is near Rawai: Phuket Seashell (381-274) has everything on sale, but it looks more like a museum!

**ORCHIDS** are expensive luxury when flown to countries where they are not indigenous. Phuket's climate is perfect. Karen is largest nursery (288-777); over half-million plants.

**GOLF:** One of the world's best Miniature Golf courses is the spectacular Dino Park at Marina Cottage (330-825). For Real Golf, you can rent clubs and gain access to the best courses by contacting South-Western (Tel: 236-163).
